The Foster Pavilion Offers Personalized Memory Support

The Foster Pavilion is a joyful, vibrant community of residents, staff, family and friends designed to meet the needs of people living with dementia.

At the forefront of today's research on providing a supportive neighborhood for people living with dementia, the program offered at Foster Pavilion is always evolving to reflect best practice and to support the well-being of those living with dementia and their families.

The most critical component of the program is the practice of Person-Directed Support. In this neighborhood, persons living with dementia find support and opportunities to be themselves, be

with others, make a difference, seek freedom, find balance, grow, develop, and most importantly have fun.

Foster Pavilion offers an extensive range of clubs and programming, including music, intellectual and interest based programs, outdoor activities, exercise and opportunities for spiritual reflection, all specifically geared to engage those living with dementia.
